

# Using the Menus

A three-level menu structure is available to set the various options available on your phone. You can select the menu options in two different ways.

## Using the Soft Keys

The two soft keys are used as follows.

Key	Purpose
Left soft key	Enters the menu structure. Selects the option displayed.
Right soft key	Moves to the next option on the same level as the one displayed.

You can also use the  and  keys on the left side of the phone to move to the next or previous option on the same level as the one displayed.

Example: Connecting to your Voice Mail.

1. Press the **Menu** soft key.
2. Select the **Quick Access** option by pressing the **Select** soft key.
3. Confirm that you wish to connect to your Voice Mail by pressing the **OK** soft key.

You are automatically connected to your Voice Mail.

For a more detailed description of the Voice Mail feature, refer to page 58.

## Using the Menus

## Using the Index System

Each menu option is assigned a hierarchical number. You can use this number to access the corresponding option directly. Simply press the **Menu** soft key and key in the required number.

Example: Connecting to your Voice Mail.

1. Press the **Menu** soft key.
2. Enter **1 1**.

You are automatically connected to your Voice Mail.

The numbers assigned to each option are indicated on the following menu map.

Menu Map

The following illustration shows the menu structure available and indicates the:

- Number assigned to each option
- Page on which you can find a description of each feature

\* You can see **menu 0**, if your SIM card supports **SIM Application Toolkit**. This is a network feature. Please contact your service provider for more information.
